Election/Restrictions

Applicant's election of Group II and Species I in the reply filed on 05/05/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election/restriction has been treated as an election without traverse (MPEP § 818.03(a)). Claims 12-21 are readable on the elected invention. Claims 1-9 have been withdrawn from further consideration as being drawn to the non-elected invention.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. H. Roger Hart on 07/19/2005.

The application has been amended as follows:

In claim 12,

line 21: after "seaming compound" insert --, wherein a second layer of said selected seaming compound is applied over said perforations and around the perimeter of said mounting plate to bond said mounting plate integrally with said first and second layers of said seaming compound--.

Claim 13 has been cancelled.

This application is in condition for allowance except for the presence of claims 1-9 directed to the non-elected invention without traverse. Accordingly, claims 1-9 have been cancelled.

2. Claims 12 and 14-21 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance: none of the cited prior art teaches a method of attaching a mounting device for securing a sink to a countertop having, in conjunction with other limitations, the steps of applying the first layer of seaming compound, pressing the mounting plate into the first layer of the seaming compound to force the seaming compound to flow through the perforations of the mounting plate to bond the mounting plate with the first layer and applying the second layer over said perforations and around the perimeter of said mounting plate to bond said mounting plate integrally with said first and second layers of said seaming compound as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Khoa D. Huynh whose telephone number is (571) 272-4888. The examiner can normally be reached on M-F (7:00-3:30).
